CONDITIONS.

Entries to all trotting and running races to close with the Secretary at 9 o'clock, P. M., Saturday, September 1st, 1883. All entries to be made in writing, to give sex, color and marks of horses. Also name and residence of owner, and in running races colors to the work by rider, and in any other particulars that will enable the audience to distinguish the horses in the race. Write "Entries to Races" on outside of envelope, seal and accompany by entrance fee. Entrance fee, ten per cent of purse. No entries will be received unless accompanied by the fees. In all races three or more to enter and two or more to start. National Association Rules to govern trotting, but the Board reserves the right to trot heats of any two classes alternately, if necessary to finish any day's racing, or to trot a special race between the heats. Rules of the Pacific Coast Blood-Horse Association to govern running races. Any person not intending to start his horse must notify the Secretary in writing on or before 8 o'clock in the evening previous to the race. Horses entered in races can only be drawn by consent of the judges. For a walk over in any race a horse shall only be entitled to his own entrance fee and quarter of the entrance received from the other entries for said purse, and a horse winning a race entitled to first money only, except when distancing the field, then entitled to first and third money only. A horse wins but one money under any other circumstances. The attention of all parties interested is particularly called to the rules of the National Trotting Association, under the provisions of which, except as otherwise specified, all matters pertaining to the trotting races will be conducted. The following resolution, adopted by the California State Board of Agriculture, has been endorsed and will be strictly enforced by this Association: Resolved, That where any rider, driver or horse rests under ban imposed by any District Blood Association of this State, the name shall be duly recognized by this Board and that the person or horse upon which said ban rests shall not be allowed to ride, drive or start in a race until such ban is lifted or satisfied. Races to begin each day at 1 o'clock P. M. sharp.

YOUNG MEN.

WHO may be suffering from the effect of youthful follies or indiscretions, will do well to avail themselves of this, the greatest boon ever laid at the altar of self-interest and humanity. Dr. Spinney will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty, who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, the color will be a thin milky blue, gradually changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration to the genito-urinary organs.

Office hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, \$5. Call or address,

TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, AND MALARIA.

From these sources flow the fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels constive, Sick Headache, fullness and oppression of the stomach, aversion to exertion of body or mind, Erection of food, Irritability of temper, Low spirits, A feeling of having neglected some of the duties of the system, Fainting at the heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the liver. As a liver medicine, TUTT'S PILLS have no equal. Their action on the kidneys and skin is also prompt; removing all impurities through these three "scavengers" of the system, producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS are the only medicine of gripping or interfering with daily work and are a perfect ANTIDOTE TO MALARIA. Sold everywhere. Office 44 Murray St. N. Y.

SOUTHERN INDEPENDENCE.

Recent developments go to show that the presence in Washington at this time of so many Southern Independent Statesmen is not so much the result of accident as design; and this view is strengthened by the sudden appearance upon the scene of Col. E. B. Cash, of South Carolina, who achieved a National reputation some time ago by shooting Shannon in a duel which grew out of a political quarrel. Col. Cash is said to have visited Washington in response to an invitation from other anti-Bourbons. In a conversation about the situation in South Carolina he said: "Well, it is a hell of a place just now. They don't have any elections. The negroes can't vote and the poor whites can't vote. You never saw such a state of things. Every pledge the Democratic party made in 1876 it has broken. I can't stand up and defend the party after it breaks its word like that, though I am as much a Democrat now as ever. What I am opposed to is the particular set of Democrats running the State. They are worse than Scott and Moses of carpet-bag times. Those robbed, but these men murder. Take the case of those niggers killed in Lenoir last year. Nobody was arrested. There never was an investigation. You can't investigate anything in the State. My son tried to investigate the frauds that beat him for Congress last year, and had three pistol shots fired through his room the first night. In 1876 we promised the rights of any man, white or black, should not be impeded if we were successful, and Wade Hampton said he would resign rather than allow anything of that kind to be done. And the Bourbons have passed a law preventing men who can't read and write from voting. The negro, now, has not one solitary right in South Carolina except to be down and die. In 1876 we abused the Republicans because they had created a great many useless offices, simply to give their political workers salaries. That was all true. But now we have 1,182 offices in the State. The Radicals don't have that number. Many of them pay as high as \$3,500. I don't think the faction now controlling the State offices can get 20,000 votes, on a fair count. I think the Independents in South Carolina will be very apt to vote the Republican Presidential ticket. There has not been, for years, an honest election in South Carolina, Alabama, Mississippi, Louisiana or Florida. The Democrats have got to carry those States to elect a President. I don't know what kind of a man President Arthur is, but if he is of my kind he won't allow any man to be inaugurated President who owes his election to the fraudulent votes in those States. We will call out the army and hold on to the Presidency till a successor has been honestly elected."

LAND GRANTS

It begins to look as though the proposition to transfer the Texas Pacific Railroad land grant to the Southern Pacific is to meet a determined opposition at the next session of Congress. Judge Payson, who represents the eighth Illinois District in Congress, and a determined enemy of land grants wherever they offer a fair object for attack, is in Washington, ransacking the Interior Department, collecting and arranging in convenient shape for use, all the facts and literature connected with the proposed transfer. The Judge made a strong fight against the Northern Pacific, but in spite of him the road has been completed without a forfeiture of the land grant, but the Texas and Pacific land grant is still within reach, and the Judge will do his best this winter to prevent the transfer and to restore the granted lands to the public domain. It is anticipated, however, that a Democratic House will not be in haste to antagonize important Southern interests, though many members of the House were loud in their demands in the last Congress that the grant of the Northern Pacific should be forfeited.

Arrested for Cattle Stealing.

A note from Lewis says that times are very lively in that burg at present. Some sixteen or eighteen persons have been arrested for stealing cattle from old-man Crum. It appears that he suspected over a year ago that his cattle were being stolen, and he employed a detective to work up the case. The result is the arrest of a large number of persons, among whom are the Merger boys, formerly of Unionville.

It Looks Like Business.

A dispatch from New York announces the fact that contracts to the amount of \$1,500,000 for the construction of new lines have been awarded by the Board of Trustees of the Postal Telegraph Company. Mackay, the President, will leave for California in a few days, but he will see the work fairly under way before he leaves.

NEVADA'S "EXILE" AND "PATRIOT."

Mr. Daggett is dubbed "an exiled patriot." At the very time he was a pronounced candidate for Governor, and assuring his friends that he was not an applicant for any other position, his letters were on file in Washington urging Senator Jones to secure him the appointment of Minister to the Hawaiian Islands, vice Comly, whose term was about to expire. With what eagerness he permitted himself to be "exiled" is best evidenced by his prompt acceptance of the appointment, and immediate departure for Honolulu. The simple truth is that Daggett was a red hot applicant for the Ministership; that he wanted it badly. He got it, and Senator Jones is entitled to credit for securing it for a Nevada man, and for Daggett. It was the correct and proper thing to do all around. True, Daggett is "an exile," and a "patriot," and being such, will remain such. His day may come for the U. S. Senate, but he will not be elected at the next session of the Legislature, unless Fair dies or resigns. Meantime he will continue "an exile" and "a patriot," with honor to himself and glory to his country.

Attempted Suicide.

A painter known as Ben Franklin, made a savage attempt to commit suicide about 4 o'clock yesterday morning at the Ohio House. John Hoy, the proprietor of the house, says some time in the night he was aroused by Franklin tapping at his window and asking to be admitted, saying he had fell in the river and was wet and freezing. Hoy admitted him and provided him with a bed and retired to his own room. About 4 o'clock he heard a noise in the room Franklin occupied and went in to ascertain the trouble. He was horrified to find Franklin sitting up in bed with a knife in his hand in the act of cutting his throat. Hoy knocked the knife out of his hand to the floor and stepped to the door to summon help and immediately returned to find the fellow vigorously prodding away at his throat. The knife was taken away from him and he was held until the doctor arrived. An examination showed that the man had run the blade of a small penknife into his throat clear up to the handle, and had twisted it around so as to make a ghastly looking wound. Two slight cuts were found upon his side, evidently with the same instrument. The impression is that he attempted to drown himself in the river before going to the hotel. He was examined by Doctors Hogan and Waggoner and pronounced insane and was ordered to the Asylum, but is not in a condition to be moved at this time. No cause is assigned for the act except it be an inordinate use of alcohol. His recovery is doubtful.

Must Remain on the Vessel.

Another Chinese habeas corpus case has just been decided in New York, by Judge Porter of the Supreme Court of that State. It was the case of A Yook, a Chinese sailor who claimed not to be a subject of China, but the Judge thought he came within the provisions of the law, and in dismissing the writ says: "The cause of imprisonment is stated in the return to be substantially the act of Congress, approved May 6, 1882, forbidding the coming of Chinese laborers to the United States, or their remaining therein." After quoting several provisions of the act, Judge Potter holds that Yook is a Chinese laborer under the meaning of the act, and that to permit him to land, would enable the petitioner to go at large in the United States and to return or not to the vessel according to his pleasure, and the result would be an effectual evasion of the law in question. On the ground, therefore, that whatever a Court or Judge might think of the policy of the law, it had not the right to nullify an act of Congress, the writ was dismissed.

Another Big Scheme

The sale of 590 acres of land on the water front at Virginia Point, the main land opposite Galveston, Texas, by Judge Jones of California to an investment company of which Huntington is the controlling member, causes the impression that wharves are to be constructed and the channel deepened to make the point the terminus for freight traffic between California and the Gulf of Mexico.

The most healthy and popular drink of the season is the ice cold soda water sparkling with purest gas and flavored with true, delicious fruit syrups, to be had only at Queen's soda fountain.

PARADISE RACES.

The Fall Programme of the Paradise Jockey Club.

The Paradise Jockey Club has arranged for three days racing at Paradise on the 26th, 27th and 28th, and for the information of Reno horsemen the JOURNAL publishes the subjoined programme:

First Day—26th.

Running Race—Premium, \$150; three or more to fill; two or more to start; single dash of one-half mile; first horse, \$112 50; second horse, \$37 50.

Trotting Race—Premium, \$100; free for all horses raised or owned in Paradise Valley, except Harvey's horse George and mare Lily; three or more to fill; two or more to start; mile heats; two in three, to harness, first horse, \$75; second horse, \$25.

Second Day—27th.

Running Race—Premium, \$150; free for all; three or more to fill, two or more to start; single dash of one-quarter of a mile; first horse, \$68 75; second horse, \$31 25.

Running Race—Premium, \$125; free for all three-year olds; three or more to fill; two or more to start; single dash of one-half mile; first horse, \$112 50; second horse, \$37 50.

Third Day—28th.

Running Race—Premium, \$225; free for all; three or more to fill; two or more to start; three-quarters of a mile heats; two in three; first horse, \$167 75; second horse, \$59 25.

Speed contests will be governed by the "Pacing Rules of the Pacific Coast Blood Horse Association," of 1880.

The entrance fee will be fifteen per cent. of the whole amount of fered.

Reward of Merit

The Fall term of Bishop Whitaker's "School for Girls" opened with the largest attendance in the history of the institution. The Bishop was compelled to refuse a few applicants because he could not accommodate them. The number of day scholars is also above the average. This is a very gratifying condition of affairs, and one the JOURNAL is greatly rejoiced at.

The Percentages

During the Conclave the Judges of the Competitive Drill were censured for not publishing the official score. The JOURNAL has an idea that it was withheld out of sympathy for the St. Bernard's. It stood: De Molay 90; Baper 97; St. Bernard 83.

Henry C. Street, late of Elko, has purchased the Leader, at Weiser City, Idaho, of Dr. Reynolds. Mr. Street is an experienced newspaper man, and formerly published a paper at Idaho City.

It Looks That Way.

The Carson papers are making a very bad play in running down Steamboats as a picnic resort. The trouble is that Carsonites are jealous and want to hog everything. They will soon disgust outsiders and the result will be that societies will hold more picnics at Steamboat and at Horseshoe Lake, on the Carson River below Dayton.—Lyon County Times.

ADVICE TO CONSUMPTIVES.

On the appearance of the first symptom—as general debility, loss of appetite, pallor, chilly sensations, followed by night sweats and cough, prompt measures of relief should be taken. Consumption is a scrofulous disease of the lungs; therefore use the great anti-scrofulous or blood-purifier and strength-restorer, Dr. Pierce's "Golden Medical Discovery." Superior to Cod liver oil as a nutritive, and unsurpassed as a peccatorial. For weak lungs, spitting of blood, and kindred affections it has no equal. Sold by druggists. For Dr. Pierce's treatise on consumption send two stamps. World's Dispensary Medical Association, Buffalo, N. Y.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-sw-lyr

A full lot of Diamond Dyes, ten cents a package, just received at Osburn & Shoemakers.

The Murderer of Hattie Fellows.

A San Francisco dispatch announces that the reason for the continuance by Judge Ferral of the case of John Hennessey, the only untried murderer in the county jail, was owing to the disappearance of two very important witnesses for the prosecution. These are Mr. and Mrs. Auching, who were the only eye witnesses to the deed. The police officer who had the subpoena visited the house of the couple, but found it vacant. He was informed that they had gone to Australia. Since this discovery, the officer has learned that the couple had their tickets for Australia before the tragedy and, of course hastened their departure to prevent their detention as witnesses to the deed. Just what steps will be taken to secure the evidence of these very important witnesses to the murder of Hattie Fellows has not been decided upon.

The Clerk's fees for August were very small, only amounting to \$95 65. The Auditor took in \$143.

Mrs. Jas. T. Davis is down from the Mound House on a visit to Mrs. H. J. Thyes.

NEW TO-DAY.

HEADACHES

Are generally induced by indigestion, Foul Stomach, Costiveness, Deficient Circulation, or some Derangement of the Liver and Digestive System. Sufferers will find relief by the use of

Ayer's Pills

to stimulate the stomach and produce a regular daily movement of the bowels. By their action on these organs, AYER'S PILLS drive the blood from the brain, and relieve all forms of Congestive and Nervous Headache, Bilious Headache, and Sick Headache; and by keeping the bowels free, and preserving the system in a healthy condition, they insure immunity from future attacks. Try

Ayer's Pills.

IN A STILL HOUR

Two Learned Men Have a Talk and Come to a Common Conclusion.

"There can be no question to that," said Dr. P—, who is prominently connected with a certain hospital, to his friend, the House Surgeon, as the two sat having a smoke and a quiet chat in the reception room late on a recent stormy night—"no question at all." "Ever since I began practice in that little country village you've heard me speak of, away up near Lake Ontario, thirty years ago, I have felt—in common with all other physicians—the need of a reliable plaster. There are so many diseases—if, indeed, the majority do not come under the rule—for which a good external application is better than remedies poured into a patient's stomach."

"That's so, Doctor, and to show you my faith in your theory, I may say that since I have held my position here, I have opposed the idea of dosing people, except in cases when we were at our wit's end and it seemed to be that or nothing. Some soothing application, if the patient needs anything, combined with rest and good nursing, will do the business—save where cases of accidents require heroic treatment."

"I say, Doctor," said the other, "you can speak of it, or not, just as you like, but in my private practice, when I want anything of the sort, I use BENSON'S CAPSICUM PLASTER. It's a proprietary thing, of course, but it is by all odds the best plaster I have come across. It is scientifically prepared, quick in taking hold, sure to relieve where relief is possible, and neat as wax to handle. It is just the perfect flower of all that has ever been done in that line. I happen to know, too, that it is being rapidly introduced in the principal hospitals of London, Paris and other leading cities in Europe."

"You needn't fret, my friend," laughed the House Surgeon, "over the chance of being caught in an act of professional heresy, for we use Benson's here every day, and so they do at the other city hospitals. We find it so much better than liniments, lotions, &c., that the bottles are actually getting scarce in the house."

Benson's plasters are prepared from an improved formula by distinguished physicians and chemists to meet a want felt for years. You will not be disappointed in them. In the middle of the genuine is the word OAPCINE. Price 25 cents. Seabury & Johnson, New York

Be On Hand

To-morrow morning the public schools will be opened, and patrons of the school should impress upon their minds the benefit to the school and the advantage gained by the students by being able to take his seat at the opening. Should the scholar be behind a week or two it might necessitate his being placed in a lower class, and thus place the student at a disadvantage that might not be overcome during the whole term. It may be that some new books may be necessary, and if so that fact will be determined the first day. At all events, it is important that every scholar be present, if possible, at the opening.

Another Opinion.

Deputy Sheriff McInnis showed Consul Bee and the Chinese physicians in San Francisco Dr. Waggoner's description of the Lake House Chinaman, and they informed him that if the Doctor's diagnosis was correct the disease was leprosy without question. The case brought here from Wadsworth and the one McInnis took to San Francisco, was pronounced genuine Chinese leprosy, which these physicians declare is in no wise contagious, but entirely hereditary.

A Windy Accident.

Last Friday afternoon during the heavy wind storm that prevailed in Virginia City the brick wall forming the gable end of the Kirman building, in the burnt district in South C street, was blown down. At the moment Thomas Long, father of Miss Maggie Long, the well known teacher, and Terry Maguire were passing. Some of the fallen bricks struck the men, and Mr. Long had his left shoulder broken, while Mr. Maguire escaped with slighter injuries.

A Good Move

The Trustees of the Carson public school are making a commendable effort to get a library for the school under their charge. Recently the Ladies Temperance Union in that place donated their library to the number of some 700 volumes. A good library would be of much benefit to the public school in Reno, and it is understood that the Trustees will soon provide a place in the school building for a library and provide a few useful text books at once.

Still Sick

Dr. Bishop writes to his former partner from Butte, Montana, Dr. Hagar, of Eureka, that he is sick and unable to leave the house, and that Mrs. Bishop and the children are all sick. He says he does not believe he will ever be well in the climate of Butte. The Doctor is a brother of Dr. S. Bishop, of the Nevada Insane Asylum.

THE MINERS' UNION.

Something About the Place Selected for Their Annual Picnic.

The Miners' Union selected Steamboat Springs as the place for holding their annual picnic. Because the Union thought best to hold their re-union at Steamboat some of the Carson papers have thought it best to throw cold water on the picnic and injure it in every way possible. It is safe to say, however, that these papers do not express the sentiments of the Carson people. These "flings" have called forth the following card:

HALL OF VIRGINIA MINERS' UNION, August 31, 1893.

Reports having been circulated that Steamboat Springs is not a suitable place for a picnic, being devoid of shade or grass, or accommodations for eating, etc., we, the undersigned, hereby officially state that such reports are pure fabrications.

The facts are that Steamboat Springs has, in addition to the Hotel, a grove of five acres, carpeted with green grass, making a spot ample for all who desire to camp on "Mother Earth."

Responsible parties from Virginia City will have on the grounds capacious booths, where meals and refreshments of all kinds—the best the market of Virginia City affords—will be served at the usual prices.

The Committee of Arrangements have constructed a dancing hall in the grove 50x60 feet.

We guarantee that our friends will find that the Springs ARE SUITABLE FOR A PICNIC, and we can assure them no pains nor labor will be spared to make this the most enjoyable picnic of the season.

D. A. CURRAN, President Gold Hill Miners' Union. JAMES ORR, President Virginia Miners' Union.

In commenting thereon the Enterprise has this to say:

The miners have held their picnic at Carson every year but one—when it was held at the Bowles' Mansion—and they do not think the Carson people are showing a proper degree of magnanimity or the least true friendship in what they are now doing through their papers. When they try to make the picnic of this year a failure, it looks to the miners that about all the friendship they need look for in Carson is that which has generally been quite freely bestowed by the people of that town upon such coin as they have been able to carry down from the Co. stock.

If the Carsonites desire the picnic of the Co. stock miners ever again to be held in their town they will do well to go slow, and less plainly show their greediness. This year they desired to hold their picnic at a point where they could accommodate their Reno friends and the miners in that direction. They have letters from the miners at Pyramid Lake and other points, and they will attend. The Carsonites say they will not go to Steamboat, and the miners say it is a free country, and they have a perfect right to stay at home, go to Treadway's Park, Lake Tahoe, Hope Valley or where they please.

At Steamboat Springs the miners say they will celebrate their own anniversary and the anniversary of the admission of California, and are not afraid that they will not be able to have a good time.

The Coming Event

The grandest and most enjoyable picnic of the season will be held at Steamboat Springs, September 9th, under the auspices of the Virginia and Gold Hill Miners' Union. The grounds have been specially arranged for the occasion and everything connected with the entertainment will be first class. The prizes to be awarded are elegant and costly. For various reasons there ought to be a large attendance from Reno, and undoubtedly will be. A member of the Union will be in Reno in a day or two to make all needful arrangements for the excursion. Trains will leave Reno at 8.30 in the morning. Tickets for the round trip, including a admission to the ground will be \$1; children under 10 years of age free.

Nevada Shooters.

All the parties intending to participate in the inter State rifle match are now in active training. It has been decided that the days of competition for places in the team be the 6th, 7th and 8th of September; also, that a team of fourteen men be selected at the close of the competition on Saturday, the 8th of September; that the competition shall be conducted according to the rules adopted for the match.

The Reno Public School.

As some of the business transacted at the meeting of the Trustees and teachers of the Reno public school, which convened last Wednesday evening at the residence of Prof. Granville F. Foster is of general interest the main points are herewith given by the Journal. It was decided that the Principal shall be hereafter called the Superintendent, since his duties will require him to visit all the departments and teach in them all, and also sometimes be absent from each, the whole school will be divided into three divisions known as the High School, Intermediate and Primary departments, each under a Principal as follows: High School, Prof. Frank M. Alexander; Intermediate Department, Mrs. E. J. Knowlton; Primary Department, Mrs. H. C. Scoville. Each department is to hold special faculty meetings, as the respective Principals may direct, to discuss matters of importance to their departments. The entire corps of teachers will hold regular meetings once in two weeks, to be presided over by the Superintendent. At each of these general faculty meetings an essay will be read upon some educational question, after which the subject presented will be discussed by the entire faculty. By vote of the faculty it was decided that each teacher shall be required to furnish at least one such essay during the school year. Written examinations will be held every month and at the end of each term oral examinations will be combined with the written work. All absentees will be required to present written excuses endorsed by parents or guardians.

'Twas Ever Thus.

"'Twas ever thus in childhood's hours," and the boyish instinct to raid a melon patch is the same to day that it was in "our grandfather's days," and will perhaps be the same a hundred years hence. But because of this fact, it is no excuse for the trio of boys that raided Mr. Mason's melon patch above the Seminary night before last. They are big enough and old enough to know better than to be engaged in naughty tricks of that kind. Better wait until everybody gets to raising vegetables and the fruit becomes a drug in the market, then such frolics will be tolerated and the farmer himself will join in the laugh.

The coinage executed at the Carson Mint during August, was as follows: Double eagles, \$119,000; standard dollars, \$100,000; total, \$219,000.
